SUMMARY

Emerging frontend developer with a focus on ReactJS and Tailwind CSS, dedicated to creating responsive, user-centered designs. Experienced in collaborating with backend teams to bring dynamic web applications to life and eager to build deeper technical expertise.

TECHNICAL SKILLS

Languages: JavaScript, HTML/CSS
Frameworks/Libraries: ReactJs, Tailwind CSS
Developer Tools: Git, VS Code

EXPERIENCE

Front-End Developer — Dec 2023 - Sept 2024
Lennobyte Solutions — *Birgunj, NP*

- Designed responsive, user-friendly interfaces using ReactJS and Tailwind CSS, focusing on performance and usability.
- Collaborated with backend developers to integrate APIs and streamline data handling on frontend components.
- Utilized GitHub for version control, tracking progress, and collaborating on projects, ensuring smooth project management and continuous integration.

PROJECTS

E-commerce Platform | *ReactJS, Tailwind CSS, Git* [link] — Jun 2024 – Sept 2024

- Developed interactive UI with React for seamless browsing, product search, and filtering.
- Integrated user-friendly cart functionality with product previews and quantity management.
- Optimized for responsive design, ensuring usability across mobile and desktop devices.
- Enhanced user experience with efficient state management and dynamic component rendering.

Chat Application | *HTML, CSS, JavaScript, PHP* [link] — Fourth Semester

- Developed a real-time chat application with user authentication and message storage using PHP.
- Implemented an interactive UI using JavaScript, enabling seamless message exchange between users.

Online Tutor Finding Platform | *HTML, CSS, JavaScript, Firebase, Git* [link] — Fourth Semester

- Developed a responsive interface using HTML, CSS, and JavaScript for easy user interactions.
- Implemented different user roles (student, teacher, admin) with specific access levels and features.
- Built features for students to search for and book hourly classes by subject.
- Managed data and user authentication with Firebase to secure profiles and control access based on roles.

EDUCATION

NI College, Tribhuvan University — Birgunj, NP
Bachelor of Computer Application — *Feb 2022 - Running*
